Employment:

Interior Designer FF&E

March 2018 - December 2018

Areen Design, London

Duties included: Specification, of all FF&E items, sourcing, hand drawing, creating presentations including sample boards, liaising with suppliers, installations. Projects located in the Middle East, worked on palaces for the Saudi Royal Family.

Interior Designer

March 2014 - February 2018

Concept Interiors, Weybridge Surrey

Duties included: Specification of FF&E and hard finishes, sourcing, styling, technical drawing, presenting to clients, creating mood boards, space planning, design development, liaising with suppliers, client meetings, budgeting, quotations and ordering, joinery packages, site visits, project management, installations. Ability and confidence to run projects independently, work well on projects that require a team.

Work Experience

Concept Interiors, Weybridge

February 2014 - March 2014

Six week work experience placement led to a full time interior designer role. Placement proved successful in getting a feel for the design industry. Designed a Living Room and Master Bedroom for a private client, this included full specification, space planning and assisting on final presentation. Installed project a month later after full time role was given.

Research Executive

October 2011- August 2013

Media measurement & analysis

Apollo Research, Hampton Hill, Middlesex

Monitored online press releases for companies in the technology sector, worked alongside PR agencies to measure companies performance in the media, managed and filtered stories from interior design magazines, ensured accuracy of online research, priced online monitoring services.
