

Marilyn Le Tran

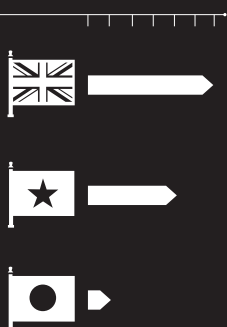

INDUSTRIAL DESIGNER

Hello! Marilyn specialises in the fabrication of rapid prototyping and creative solutions for design problems. She also produces work content for external clients, all of which installs her industrial design skills as well as her passionate graphic design hobbies.

Throughout her educational journey in industrial design, it has allowed her to perceive the world and environment in ways unimaginable. It has given Marilyn the respect and appreciation for the ability of design to transform people's lives in all its endless possibility.
