WORK EXPERIENCE

2018 - 2019

BUILDING DESIGNER

PELLIGRA

📍 KEILOR EAST, VIC

Prominent D&C builders and developers with client driven values.

Started as a junior building designer with Pelligra Holdings. Promoted in 10 months to Building designer with Pelligra Build I worked with the design department on residential and commercial projects from schematic through development to working drawings and permits.

2015 - 2017

GRADUATE ARCHITECT

SINGH HOMES PVT LTD

📍 EPPING, VIC

Prominent residential builders with focus on custom design for residential units.

Worked part-time as a design consultant while studying Masters at Deakin, was promoted to working full time in July 2017 at the completion of my course. Worked on over 90 residential projects from schematic, development, client and contract admin through to permit drawings, in accordance with the client requirements and site constraints. Also developed residential schemes for website and conducted regular site visits for on-site checks and analysis.

2014

ARCHITECT AND INTERIOR DESIGNER

FULCRUM STUDIO

📍 BANGALORE, INDIA

Specialized interior firm run by renowned interior designer Husna Rehman.

Handled complete interior architecture projects from design, development, through to working drawings, procurement and handover. A challenging, detail oriented workspace often entailed contract administration and dedicated site work with client and contractors.

2013-2014

JUNIOR ARCHITECT

AHIR CONSULTANCY

📍 BANGALORE, INDIA

Architectural consultants with focus on residential and commercial complexes.

Managed client relations and developed schemes for prominent projects in Bangalore. Handled multiple commercial and residential projects from schematic through to working drawings, procurement and construction phases. Worked on detailed drawings, design and client relations for Beverly Hill Condominium in Singapore.

2011

ARCHITECTURAL INTERNSHIP

KHAN AND ASSOCIATES

📍 BANGALORE, INDIA

Small architectural firm with innovative, competition based design approach.

While mostly focused on design and development, I also managed construction of a residence in Chennai. Developed and presented scheme for a competition project of a prominent Resort in Kerala, with a focus on sustainability and vernacular hill architecture. Managed the presentation for the same and was rewarded as the most innovative trainee.

EDUCATION

2015-2017

MASTER OF ARCHITECTURE (M.ARCH)

DEAKIN UNIVERSITY

📍 GEELONG, VIC

2 years intensive course with a focus on design and sustainability. Consists of two elaborate thesis projects- design and research, along with other focused units. Recognized and exhibited Design thesis based on development through education and cultural navigation in war zone.

2008 - 2013

BACHELOR OF ARCHITECTURE (B.ARCH)

GURU NANAK DEV UNIVERSITY

📍 AMRITSAR, INDIA

5 years course ending in an intensive 6-month training program followed by an elaborate Design thesis project. Supervised field trips part of curriculum.

2011

SELECTED FOR BAMBOOTECH DESIGN COMPETITION

INDIAN INSTITUTE OF TECHNOLOGY

📍 ROORKEE, INDIA

WHY ME?

I am a strong design professional looking to work in a challenging atmosphere that enables me to use my skills while learning and growing consistently. As an experienced building designer with a demonstrated history of working in the construction industry, I value the combination of the conceptual and the pragmatic to sustain growth. My experience is mostly in, but not limited to, mixed-use, residential and commercial construction in both Australian and Asian context.
